AY Appointee Retroactive Appointment Remote Hire

Per the UC Office of General Counsel, the Form I-9 “hire” date is triggered by PAY or WORK (whichever comes first). The 9/12 appointee has until the date that PAY or WORK is triggered to complete Section 1. The I-9 Manager in the Shared Services Center will need to create a Custom Audit Note (in the I-9 Summary Page) for AY Academic Appointees. The “hire date” in tracker does not have to match the “hire date” in UCPath. UCPath will not push the hire date to Tracker once the systems are integrated as previously mapped out. Therefore, the date in Tracker for AY Retroactive New Hires, should be equal to their first day of WORK (service) or PAY whichever comes first.

**Authorized Representative: Complete Section 2**

**Section 2 Ready for Completion**  
Tracker again is ready for an employee to complete Section 2 of the Form I-9 for his new employee.

The employee has completed Section 1 of the Form I-9. The next step is to email the employer representative to complete Section 2. The employer representative will check the email, click on the “Continue to Section 2” button, and then upload images of the documents.

If the **Employee** has an iPhone or iPad, then they upload image documents into the Tracker app (Note: Apple products will not cache/save the images of the documents on the device).

If the **Employee** does not have an iPhone or iPad, then they need to FedEx's copies of documents to Shared Services Center. (Note: See step 6)

| 12. | After the **Employee** completes Section 1, the next step is to present identity and U.S. employment authorization document(s) to Employer Representative who must complete Section 2 of the Form I-9. Employee and Employer Representative make arrangements to meet in person to review employee’s identity and U.S employment authorization documents.

| 13. | **Employer Representative** validates documents and completes section 2 in Tracker. If Employee Representative has an iPhone or iPad, then they upload image of documents into tracker (Note: Apple products will not cache/save the images of the documents on the device).

If **Employee Representative** does not have an iPhone or iPad, then they need to FedEx’s copies of documents to Shared Services Center. (Note: See step 6)
Once Employee Representative completes section 2, a notification is generated from Tracker confirming section 2 is complete.

14. **Note:** Because the 9/12 employee has until the date that pay or work is triggered to complete Section 1. The I-9 Manager in the Shared Services Center will need to create a Custom Audit Note (in the I-9 Summary Page) these notes are useful when annotating why something was made to the record.

The Audit Notes feature is located on the Summary Tab of the Form I-9 Record. The Summary Tab can be reached by navigating to an Employee Profile, accessing the Form I-9 page, and then selecting the “Summary Tab” that is furthest to the left.

When creating the Audit Note complete the following steps:

1. Select the correct Audit Batch from the dropdown list or accept the default selection.
2. Select either Audited Without Correction or Audited Correction Needed.
3. Select Audited Without Correction if no changes were made to the Form I-9.
4. Select Audited Correction Needed if changes are needed to one or more Form I-9 fields.
5. If Audited Correction Needed was selected and the corrections have been made, click the “Check if Corrected” checkbox.
6. Enter an Internal Note that describe the action taken or circumstances surrounding the audit. The notes appear on the Audit Batch report and can be used to explain why a Form I-9 had issues and the steps taken to address those issues.
7. Click the Save button.

HR/AP Staff in Shared Services Center receives confirmation email that process has been completed. The next step is for them to accept or reject the record.

HR/AP Staff confirms appropriate documents are in tracker, or they scan the documents in tracker if the documents are being received by FedEx.
Another way for the Shared Services Center to see that the Form I-9 needs to be completed after inputting the custom Audit note is by clicking on Form I-9 tab and clicking on the red “Awaiting Approval Tab”

Once the process is complete the Shared Services Center receives a notification that the Form I-9 is complete.
